Inhalation Remove to fresh air and keep at rest in a position comfortable for breathing.

If breathing is laboured, administer oxygen. If breathing has stopped, apply

artificial respiration.

Skin Contact Wash affected skin with plenty of water. Continue to wash the affected area

for at least 15 minutes. If irritation (redness, rash, blistering) develops, get

medical attention.

Eye Contact Immediately flush eyes for at least 15 minutes. Hold eye open and rinse

slowly and gently with water. Continue rinsing. Get immediate medical

attention.
