**NAXAN® PLUS ABL**

**Product Data Sheet**

**ALKYL NAPHTHALENE SULFONATE, SODIUM SALT**

**Description:**

The NAXAN®PLUS anionic surfactants are a series of sodium salts of alkyl naphthalene sulfonic acid. These products provide excellent wetting, dispersing, hydrotroping and medium to low foaming. They offer acid and base stability, hard-water tolerance and high temperature stability. The NAXAN® naphthalene sulfonate–formaldehyde condensates are used primarily as dispersants in a wide variety of industrial applications.

**NAXAN®PLUS ABL** exhibits good wetting, hydrotroping and moderate foam. It is beneficial in many household and institutional product applications. The product is designed to be low in color. In applications where low color is imperative, the formulator can profit from this characteristic as it affords better color management in the end product. This series now meets the requirements of OECD Test Method 301B and is classified as “Ultimately Biodegradable” which is important for the protection of aquatic wildlife. This improvement allows formulation of biodegradable products based on the NAXAN® series of surface active hydrotropes. The NAXAN®PLUS series is listed on the Cleangredients Chemical listing and meet DfE criteria.

**Typical Properties:**

- Specific Gravity @ 25°C: 1.20
- Density: 10.08 lbs/gal
- Flash Point, °F (closed cup): > 250
- Boiling Point, °F: Approx. 212 (water)
- Solubility in Water: Completely Soluble
- Crystallization Temperature: 21°C/70°F

**Product Specifications:**

- **Property**
  - Appearance: Amber Liquid
  - Active, %: 49.5 minimum
  - pH (as is): 7.5 – 10.0
  - Inorganic salt, %: 1.75 maximum
  - Color (Gardner): 12 maximum

**Applications:**

Industrial Cleaners, Photographic Chemicals & Printing Applications

**Storage and Handling:**

Store covered in a dry, well ventilated area. Keep container tightly closed when not in use. Prevent from freezing. This product will crystallize at 21°C (70°F) and may precipitate from solution during storage. Store material above 31°C (88°F).

**Availability:**

Bulk, 530 pound drums, 2,500 pound totes

**Chemical Control Law Status:**

This product is in compliance with the inventory listing requirements of the Chemical Control Laws in the following countries: United States of America, Canada (NDSL), Korea and China.

**Transport Regulations**

- **Shipping Description:** DOT Non-Regulated
- **Hazard Class:** NA
- **ID Number:** NA
- **Packing Group:** NA
- **Label:** None
